

CASA VLBI Workshop 2023 – CARTA tutorial session

Event date: Monday, 5 June, 2023

Event time: scheduled 16:30 – 17:30

Due to time constraints, we are unable to do hands-on exercise during the tutorial. However, if you would like to try CARTA after the tutorial, please follow the instructions below to set up the environment.

Preparations:

1. Install CARTA v3.0 or v4.0-beta

Please visit <https://cartavis.org/> and follow the instructions therein to install CARTA v3/v4-beta on your laptop that you will be using. If you encounter any issues when installing CARTA v3.0/v4-beta, please contact the CARTA helpdesk support@carta.freshdesk.com for assistance.

2. Download the test images

A set of test images (mostly from the ALMA science archive) will be used for the hands-on exercise. Please download it at

https://drive.google.com/file/d/1XL82Piz16WhYjmLaCW5ysmIMnKbgJ_rV/view?usp=share_link (zip file as 385 MB and it inflates to 500 MB)

3. (optional) Bring your own questions or feature requests about CARTA to the event.
